

**BART Agreement Number: 6M8145**

**Approval Date: 4/05/19**

**Work Plan No. B.01-01 - Update of BFS Structural Design Criteria**

**Scope:**

Update current BART Facilities Standards (BFS) Design Criteria, Structural, to establish the minimum design standards for the structures of the BART System. Incorporate the state-of-practice and BART-specific requirements. Add in sections that are missing (for instance, design criteria for tunnels, other types of earth retaining structures, etc.).

Work scope includes initial criteria review and planning, criteria update with comments when applicable to document the logic, providing intermediate milestone submittals, working with Technical Advisory Panel, meetings and discussions with BART, QA/QC review and documentation.

**Prime:** Jacobs
