

San Francisco Bay Area Rapid Transit District

Now Hiring

Train Control Electronic Technician

Starting pay rate is Step 1: \$29.65/Hourly

Train Control Electronic Technician

Ride BART to a satisfying career that lets you BOTH 1) make a difference to Bay Area residents, and 2) enjoy excellent pay, benefits, and stability. BART is looking for people who like to be challenged, work in a fast paced environment, and have a passion for connecting over 400,000 daily riders to work, school and other places they need to go. BART offers a competitive salary, comprehensive health and medical benefits, paid time off, plus CALPERS retirement in the future.

Minimum Qualifications

Education: An Associate of Arts/Sciences degree in digital electronic technology or in a closely related field; or completion of an apprenticeship or technical training in digital electronic technology or a closely related field.

Please Note: Applicants with transcripts from outside the United States or its territories must have the transcripts evaluated by an academic accrediting service.

Other Requirement:

Must possess a valid California driver's license and have a satisfactory driving record. Must possess adequate color vision to distinguish parts and wiring, physical strength to lift and carry up to 50 pounds and mobility to climb, stoop and crawl to reach work; must be willing to work emergency overtime and off hour shifts.

Desirable: Verifiable experience in the maintenance and repair of electrical, electronic, computer, and electro-mechanical equipment.

Ability to: Rapidly learn specific features of yard control and train control equipment and maintenance procedures at the District.
